2013 CABERNET SAUVIGNON WASHINGTON STATE

• **93 POINTS WINE ENTHUSIAST 'EDITORS CHOICE'**

VINEYARDS •

• **Cold Creek Vineyard** was originally planted in 1973 on a gentle south-facing slope which enjoys one of the longest and warmest growing seasons in the Columbia Valley appellation. Cold Creek has 30-year-old stressed vines planted in light, silty, well-draining soils. With roughly five inches of annual rainfall, the fruit from these tough vines have the complexity that only comes with age.

• **Stone Tree Vineyard** is 250 acres of wine grapes on the Wahluke Slope at an altitude of between 930 and 1250 above sea level on the south slope of Saddle Mountain. This site also has one of the longest growing seasons in Washington.

WINEMAKER NOTES •

"100% Cabernet because I can. 2013 came on strong and fast but the vineyard sourcing with Stone Tree and Cold Creek helped push against the heat so we can still make a naturally balanced Cab in a hot year."

- Jamie Brown, Winemaker

TASTING NOTES •

"The aromas in this 100% varietal Cabernet Sauvignon from Cold Creek and Stone Tree vineyards rise out of the glass, suggesting scorched earth, dried herb, graphite, flint, cassis and cherry. It has bright but balanced acidity to support its fruit flavors, with green pepper and cherry notes that linger on the finish. It's flat-out delicious and exceptionally balanced. Put it on the dinner table and watch it shine."

- Sean Sullivan, Wine Enthusiast

TECHNICAL •

WINEMAKER: Jamie Brown

APPELLATION: Washington State

VARIETAL COMPOSITION: 100% Cabernet Sauvignon

ALCOHOL: 14.5%

PH: 3.78

TOTAL ACID: 0.59
